*card*  
[REDACTED] (Ret),

Dear Admiral

It was good to receive your letter of April 16th though I am sorry to hear that the operations of the Scientific Intelligence Center have not developed as you had hoped.

I have looked into our situation here but find that at present we do not really have a spot where we could suitably use your qualifications. You may be aware of the fact that we are limited to 15 positions available for retired officers, other than those retired for duty-incurred disability, and unfortunately these are all filled or committed at the moment. I have taken the liberty, however, of placing your name in our active files and should anything develop I shall certainly be in touch with you.

With best wishes,

Sincerely,

Signed

Allen W. Dulles  
Director
